ACADEMIC POLICIES AND INFORMATION

STUDENT CLOCK HOUR POLICY

The Board of Barbering and Cosmetology will only recognize time-clock punched hours of attendance. As a result of this requirement, this school can only give clock hour credit to students who record their attendance. By using the time clock to punch in and out at the start and end of the class day and lunch period. A fifteen (15) minute lunch break shall be taken when a student attends a 6-hour class day or more. If you are attending less than a 6-hour class day and desire to take a lunch

break (30 minutes), then the half hour must be deducted from your daily total and you must clock in/out on your time card for the lunch break.

At the completion of the day, your time card is prepared from the current weekly time card. The daily hours and operations earned are added to the totals in the prior column and final totals transferred to the cumulative column. These cumulative figures are then entered in the prior Column on the weekly time card. The time card must be signed by the student and the instructor daily. **Instructors may not sign a student in or out. If a student does not clock in or out at lunch, 30 minutes for lunch will be deducted.** After clocking in, you are required to maintain theory/demonstration class or be in applied effort. Time cards reflect the student's daily record of hours and operations. It is important that all your hours and operations are recorded properly and accurately. The attendance personnel must be able to read your time card, so that the hours and operations are transferred correctly to the roster. **The time cards are the property of the school and must remain in the school at all times.** Time cards must be retained/stored in their entirety for 6 years by the school.

TIME CARD CREDIT

The following is a guideline for the instructor to issue credits.

1. Each theory must be initiated in the proper category. If that category is complete, the instructor may issue credit in a comparative category.
2. The portion of the timecard reflecting hours are in the Theory hours earned and any classes the instructor has demonstrated.
3. The portion of the time card concerning operations is to be applied to the efforts of the student as they manually perform practical subjects.
4. Some practical operations may take longer to perform according to the student's skills.

Note: the following time frame the program gives for each operation:

Scalp Treatment = ½ to 1- hour Facial = 1 ½ to 2 hours
Permanent Wave = 2 to 2 ½ hours Haircut = ½ to 1 hour

Using the above, the Board would understandably not consider a student capable of performing more than three permanent waves per day.

Personal grooming, leaving the building, reading material not related to your training or activity are not tolerated. If any of these occur, you will be asked to stop such activity or to punch out for the remainder of the day. Continued activities of this nature could result in your probation or termination.

PROGRESS POLICY

Considering the varied capabilities of individual students, some may progress from one phase of training to another at a more rapid pace. However, all students must satisfactorily complete all subject matter prior to graduation unless credit has been allowed for previous training or experience in a particular subject area. Successful graduates will be awarded an appropriate certificate upon completion of their training program.

RECORD KEEPING

Student records for all students are kept for six (6) years. Transcripts are kept permanently. Students may inspect and review their educational records. To do so, a student should submit a written request identifying the specific information to be reviewed. Should a student find, upon review, that records that are inaccurate or misleading, the student may request that errors be corrected. In the event that a difference of opinion exists regarding the existence of errors, a student may ask that a meeting be held to resolve the matter. Each student file will contain student's records including a transcript of grade earned.

PROOF OF TRAINING & TRANSCRIPT

The first Official Proof of Training (POT) or transcript is provided at no charge. Subsequent copies are available upon advance payment of the POT or transcript fee of \$25.00 for two copies. POTs and Transcripts will only be released to the student upon receipt of a written request bearing the student live signature. No transactions will be issued until all tuition and other fees due to the institution are paid.

Part time: Any student scheduled to attend at least 16 hours per week.

ABSENCES

Students need to contact the Academy whenever an absence is necessary. Please call, email or text the office as soon as you are aware that you need to be absent. Absences of five (5) days or more without notification may be considered cause for suspension. Any student who has 3 consecutive suspensions will be in a probationary period. Students who have been absent for more than fourteen (14) days without notifying the director will be automatically terminated.

Absences will be considered excused under the following conditions:

1. Illness of the student
 2. Illness or death in the student's family
 3. A documented emergency
- A Doctor's Note, Dentists Note, Court documents, Mechanics receipts if you have car trouble, dependent's documents (ex. your children's note, or if you are the primary caregiver for an elderly person)
 - Notes must be submitted within one week of the tardy or absence.

Absences of five (5) days or more without notifications may be considered cause for suspension. Any student absent more than fourteen (14) days without notifying the director will be automatically terminated.

TARDINESS

Day school starts at **9:00am** and night school starts at **5:00pm** there is a **7-minute grace period**. After the grace period, the student may not clock in or attend class until **9:30 am /5:30pm**. Clocking in at **9:07am or 5:07pm** is considered being late: however, the student must make up all hours missed.

Students who are habitually tardy (5 times in one month) will be counseled and if tardiness continues may be suspended, or be placed on probation until tardiness ceases.

MAKE UP HOURS

Upon signing your enrolment agreement, your tuition covers all hours up to your anticipated graduation date. Students may make up any missed hours at the discretion of their instructor as long as there is space in the classroom. However, after the scheduled completion date for our program, Marmel Beauty Academy, Inc will continue to train students toward completion for an additional 14 calendar days at no additional cost. Once the student has exhausted the additional 14 calendar days of training, each additional hour will cost \$10.00 per hour. Sick days and personal days are subject to these charges. Approved documented medical emergencies, court days, pre-arranged days off, or funeral are not subject to this charge.

LEAVE OF ABSENCE (LOA)

Students may experience extended personal, medical or other problems which make it difficult to attend class. This institution may allow a student under such circumstances to take a Leave of Absence (LOA) from the program. Students who will be absent more than 14 days and are needing an LOA for medical, health, welfare or travel must do so in writing and submit it in advance of the leave. Occasionally, unforeseen circumstances will prevent the student from requesting a LOA in advance, (e.g.: the student was injured in an automobile accident and hospitalization or recovery required with extended absence). When certain exceptions apply (as with examples given), notification to the admissions office (by phone, fax or email) must be done as soon as possible for documentation purposes. In such cases, upon return, documentation to verify the need for the LOA may be requested, and signatures will be required in order to extend the anticipated completion date equally to absence.

Students who are granted LOA's will not be assessed any additional charges while they are on LOA. No refund calculations will be performed during the LOA. A student may request more than one LOA during their contracted timeframe; however, the cumulative total (number of days) of extended absence days must not exceed one hundred eighty (180) days in a 12-month period. Students who fail to return from an LOA will be considered dismissed (dropped), as of the last class day of attendance prior to the start of the leave.

GRADUATION REQUIREMENTS

A student who completes the specified program required hours and operations with a cumulative school of 75% or better, has paid all financial obligations and completes the Graduate Exit Survey, he/she will be awarded a certificate certifying graduation and Proof of Training for State Licensure. MBA staff will assist all graduates with completing the necessary paperwork to apply to take the State Licensing Examination.

SATISFACTORY ACADEMIC PROGRESS REPORT (SAP) POLICY STANDARDS

This institution expects all students to maintain Satisfactory Academic Progress (SAP) as established by this institution, the student must:

1. Maintain a cumulative academic average of “C” (75%) or better on all tests, work projects (operations) and other required course work.
2. Maintain a cumulative average attendance level of at least 75% of the scheduled hours indicated on their enrollment contract. Students that are attending the course programs who have more than 2 weeks (14 calendar days) of consecutive absences will be dismissed. This standard shall apply to all students except those on a medically approved Leave – of – Absence (see LOA policy). Students who expect to be absent 14 days or more will be dismissed. In addition to attendance standards relating to Satisfactory Academic Progress (SAP), students are also required to adhere to certain other general institutional policies relating to attendance and tardiness. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course, which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed. These policies are outlined elsewhere in this catalog.
3. Complete the course within one and a half (1 ½) times the length of the course as defined in the enrollment agreement. For example, if a student has contracted to complete the course within 40 weeks, he or she must complete it within 60 weeks.
4. Students must meet minimum academic (75%) and attendance (75%) requirements at the end of each payment period of the course to be considered as meeting satisfactory progress until the next evaluation period.
5. All students will be provided a copy of their completed SAP evaluations form after their SAP counseling.

EVALUATION PERIODS:

Satisfactory Academic Progress will be assessed at the following benchmarks of scheduled attended hours:

Cosmetology 1600 clock hours	Esthetician 600 clock hours	Manicuring 400 clock hours
450 clock hours	300 clock hours	200 clock hours
900 clock hours	600 clock hours	400 clock hours
1200 clock hours		
1600 clock hours		

For transfer students, the SAP will take place at 50% of the contracted time.

Determination of Students, the SAP Progress Status: Students meeting the minimum requirements (70%) for academics and attendance at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students will receive a hard copy of their Satisfactory Progress Determination at the time of each evaluation period.

WARNING: Students who fail to meet the minimum (70%) requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period the student has still not met both the attendance and academic requirements, he/she may be placed on probation.

DISMISSAL: After the completion of the currently enrolled term, the student will have two additional terms to bring his or her grade point average up to or exceeding the minimum standard of the institution. Thereafter, the student's failure to achieve satisfactory academic progress may result in dismissal from the program. The director will offer assistance in locating a suitable tutor, should such a service be requested by the student. Any student seeking a tutor is personally financially responsible for the cost of all such tutoring.

APPEAL PROCEDURES: Students must initiate the Appeal Process. Students who wish to appeal the decision that they are not making Satisfactory Academic Progress must submit a written request to the institution's administrator. The letter should be received within (15) days prior to the start of the probationary period (for the evaluation period in question) and must describe any circumstances related to the student's academic standing which the student believes deserves special consideration. The basis that a student can file an appeal: the death of a relative of your immediate family, an injury or illness of the student or a relative of your immediate family. Immediate family relatives are defined as Grandparents, Parents, Brother(s), Sister(s), spouse and Children or other special circumstances. To file an appeal, you have to have experienced a death in the family, an injury or illness (supported by a physician statement) or other special circumstances that can be documented. The appeal must also state your own explanation describing the reason for your failure to make SAP and changes made to those circumstances that would allow you to focus and regain your satisfactory status. The administrator shall evaluate the appeal within a reasonable time frame (5-10) days and notify the student in writing of the administrator's decision prior to the beginning of the current probationary period. Should the student's appeal be denied, he or she may appear before a school committee to

present his or her case. The committee shall provide written notice to the student of its decision (a copy of the decision will also be retained in the students file) within a reasonable timeframe (5-10 days). The decision of the committee shall be final. A student that prevails upon the appeal process, re-entering the program after an interruption of training, or having re-established satisfactory progress, and determined to be making satisfactory progress will be re-entered in the course and financial aid funds will be reinstated to the student. Students accepted for re-entering the program that previously were not making satisfactory progress must attain a satisfactory progress status by the next scheduled evaluation.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS & TRANSFER HOURS

Students may re-establish satisfactory progress by meeting minimum attendance and academic requirements by the end of the probationary period. Transfer hours from another institution that are accepted towards our current educational program will not impact your current SAP as they are counted as both attempted and completed hours.

INTERRUPTIONS, COURSE IN-COMPLETES, WITHDRAWALS

Course incompletes, repetitions and non-credit remedial courses have no effect upon the student's satisfactory academic progress. If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period by the same number of days taken in the leave of absence and will not be included in the students cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

GRADING SYSTEM

Students are evaluated on a regular basis on theory, practical and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. The evaluation form reflects the overall attendance (measured in actual hours & weeks) and academic progress of the student. Students must maintain a **"C" (75%)** average to maintain satisfactory academic status. The system detailed below is the system utilized in the school.

THEORY: Theory or Technical Instruction is the instruction students receive through demonstration, lecture, classroom participation and examination. Theory work will be graded as follows:

GRADE	LEVEL
75 % - 100%	Satisfactory
0 – 74%	Unsatisfactory

PRACTICAL TRAINING

Practical Training or Practical Operations are the projects, practical operations and services students perform on another person (clients or another student) or on a mannequin. Practical Training work will be graded as follows.

GRADE	LEVEL
75 % - 100%	Satisfactory
0 – 74%	Unsatisfactory

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period may be placed on probation and considered to be making satisfactory progress during the first probationary period, **if the student appeals the decision, and prevails upon appeal.** Additionally, only students who have the ability to meet the Satisfactory Progress Policy standards by the end of the evaluation period may be placed on probation. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements, he/she will be determined as NOT making satisfactory academic progress.
